Summary

I'm a Product Designer who loves tackling design challenges from concept to product. Looking for an opportunity to rapidly learn what users care about and deliver seamless web and mobile app experiences.

Experience

Sr. UX Designer

Coditas Technologies LLP   **Aug 2018 — Present, Pune**

- Currently working on the WCGA 2.0 compliant Activity Booking Application portion for the Travel domain white label product.
- Helped maintain document and design systems for both web and mobile for the travel company.
- Worked on design system, deliverable asset and guideline documents for the IT systems management domain, and redesigned component use cases document.

S. A. - UX UI Designer

A1 Fidelity Pvt. Ltd.   **Jan 2018 — Jul 2018, New Delhi**

- Created UX Vision and strategy for internal applications. Defined design standards and style guide for the B2B and B2C products.
- Worked on first iterated Dashboards for admin, operation, and sales.
- Collaborated with the product manager, developers, and business teams.

UX UI Designer

Blacklight Mobility Pvt. Ltd.   **Jun 2017 — Jan 2018, Noida**

- Worked on making the product simple, accessible, and useful to make the product accessible to the common user.
- I have redesigned the company's official website and designed 3 mobile applications:
- Oorja- Daily Fuel Price App (**Awarded Google Play Best Hidden Gem App 2017**), HD Wallpaper App, Aarti, Bhajan & Booja App.

UX UI Designer

CodeYeti Software Solutions Pvt. Ltd.   **Mar 2016 - May 2017, Noida**

- Created over 15+ mobile and web applications during job tenure.
- Build user flows, wireframes, and user interfaces. Finally prototyping the product and gathering feedback through the product owner and with the user.
- Completed Projects: **AstroTalk, LetsMath, Addnum, WooDoo, MaskChat, My Wellness Hub, Dawai Bank**.
- Achievement: I was part of the team that was adjudged as the best team for its outstanding quarterly performance.

UI Designer

Milestone Studioz   **Jul 2015 - Mar 2016, Noida**

- Designed the company's logo and created promotional banners, posters, and various marketing materials for the company's social/print media.
- Designed 5 mobile games and their assets, and marketing materials.
